Origin - Cinnamon, so called after a species of Bear that
once infested these hills - Sierra De Canelo La, Osa.
P.M.

Canella, n. (Canel, Canelle, cinnamon, fr. F Canelle)

A genus of trees, type of the family canellaceae.

The only species is the cinnamon bark - - -

The orang e-colored inner bark known as canella bark
or, short, Canella, is highly aromatic.

Webster's Dictionary.
